DETAILED ACTION

Terminal Disclaimer

The terminal disclaimer filed on July 10, 2006 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent No. 6,588,234 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

Claims 1-13 are allowed.

The following is a statement of reasons for indication of allowable subject matter:

Claims 1, 2, 7-10, and 13 are allowed because prior art does not disclose or suggest a method of producing colored glass wherein stain is added to a glass melt at a location downstream of a glass melting vessel and either before or in a skull device located in the course of further processing of the glass melt.

Claims 3-6, 11, and 12 are allowed because the prior art does not disclose or suggest an apparatus for producing colored glasses comprising at least the combination of a melting vessel for producing a glass melt, a skull device positioned downstream of the melt vessel, and a stain supply device either upstream of the skull device or assigned to the skull device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
